* A non-refundable deposit of one month's tuition is due upon signing contract which will be applied to the last month's tuition.

** After deposit is paid, semester payments are due July 1, 2010 for Fall and January 1, 2011 for Spring.

*** After deposit is paid, monthly payments are paid over a nine month period. A monthly bookkeeping fee of \$10.00 is included in the monthly tuition listed above. Monthly payments are due one month in advance, on the first day of each month.

Contracts signed after the start of school will be charged on a pro-rated basis. Enrollment from the 1st of the month to the 15th will stipulate paying tuition for that entire month and for the remainder of the school year. Enrollment after the 15th of a month will stipulate paying tuition for half of that month and for all the remainder of the school year. For contracts signed after the 15th of September only, a non-refundable deposit for the last month's tuition and the month in which the child enrolls will be due upon signing and monthly payments (if that is the method elected) of equal value will be due starting the 1st of the next month and on each subsequent 1st of the month, going through the April 1st payment. (The May 1st non-refundable payment will have already been paid upon signing.)
